Food Act enforcement agency activity report

Food Act enforcement agency activity report 2022-23

The NSW Food Authority (Food Authority) works with all NSW councils and the Secretary Department of Planning and Environment (in respect of Kosciusko National Park) and the Lord Howe Island Board (in respect to Lord Howe Island), as enforcement agencies under the *Food Act 2003*.

All enforcement agencies are required to report annually to the NSW Food Authority on their food surveillance activity, which is then collated into an annual activity report.

The purpose of the annual activity report is for the Food Authority to capture data collected by the agencies across the state into a central report in order to monitor and assess trends in food surveillance work.

In tracking the food safety surveillance activity of enforcement agencies, the Food Authority can identify trends and plan strategies and activities to better improve food safety and protect the health of the NSW community.

Use this form to enter data for the 12 months from 1 July 2022 to 30 June 2023.

Please complete your organisation's report by 28 July 2023.
