New Council - 12 month Performance Order

Maryke Hession [REDACTED]

Mon 9/9/2024 9:37 AM

To: Graeme Day [REDACTED]

Graeme,

I am in total agreement that our new Council members, who will be elected by us who live in the community, should be able to govern **without the interference of the Sydney bureaucrats.**

Putting them on hold, will stop them from making decisions for 12 months and is extending the administration...this is not on...am sure the new Council will discover a lot of hidden areas that will need investigation and decisions made to benefit us..the ratepayers and the community.

This should be delayed until there is consultation with the candidates and the community, if it is at all necessary.

Viv May has not been an asset to the Wingecarribee Shire.

Hopefully, sensibility will be seen

Thank you

Maryke Archbold-Hession

Production Order

Mon 9/9/2024 11:03 AM

To: Graeme Day [REDACTED]

Hi Graham

Why should this Production Order (or whatever it's called) be imposed on a totally newly elected group of councillors who have done nothing wrong? I believe none of the troublemakers from the previous council are even running for election so why penalise the innocent? Whatever happened to democracy? We have been inflicted with a dictator in the disguise of an administrator for the past 4 years and our council is in a far worse state than it was before his interference.

Maryann

ADMINISTRATION concerns here in the Shoalhaven

Mon 9/9/2024 9:35 AM

To: Graeme Day <graemeday@arn.com.au>

Good morning Graeme

I listened intently to your interview regarding the Wingecarribee Shire Council shemozzle.

It seems some candidates standing there have been given the same advice that they can just sit and 'ride out' the current budget before having to do anything, as have the candidates here in the Shoalhaven!

Why would this advice be given to candidates?

I truly hope there is not some master plan to do away with local government in some way.

Cheers

Extraordinary General Meeting At Wingecarribee Council

Diane [REDACTED]

Mon 9/9/2024 9:36 AM

To: Graeme Day [REDACTED]

I have been listening to 2ST regarding the council meeting this afternoon.
I object to voting on the State Government's decision just 6 days before the new councillors will be elected.

The citizens of this Shire have suffered enough disruption over the past 4 years - with the previous councillors and the current administration.

We deserve the right to be represented by people living in the community and also have ample time to consider proposals. To be ambushed at this late stage is undemocratic and unfair to the citizens here.

This performance order is not democratic AND NEEDS TO BE DELAYED why are we going to the polls next Saturday to elect democratically councillors that are needed to make decisions for this area when they will be hogtied by the OLG for 12 months.

What has happened to democracy in this country & consultation with locals in this area spending money on what we don't need or want like a 100 million dollar indoor sporting complex.

Our roads are in a disgusting state falling apart and full of big pot holes.

Just a few I drive on regularly in Mittagong that are in this state are Bessemer Street, Railway Parade, Regent Street, Albion Street, Station Street, Pioneer Street, Bong Bong Rd at Renwick, Oxley Drive & The Old Hume Highway from the clock tower.

If the new councillors can't even get the repair of roads organised for another 12 months then what state are these roads going to be in by then and how many more are like this in the Highlands that people are forced to use on a daily basis

To: Graeme Day [REDACTED]

Hello Graham

I wish to record mine and my wife's objection to the PIO and Council response being executed prior to the election and appointment of proper resident representatives.

Having read the ministers letter and directive it effectively neuters the Councillors in performing their responsibilities in the administration, by directing that the Office of Local Govt continues to hold direct control over certain decisions the Councillors would normally make without reference.

For example ...the appointment of a new General Manager and others to numerous to detail here.

This email and objection for your attention and action as you see fit

Dear Sir,

NOTICE OF INTENTION TO ISSUE A PERFORMANCE IMPROVEMENT ORDER TO THE WINGECARRIBEE SHIRE COUNCIL BY THE MINISTER FOR LOCAL GOVERNMENT, THE HON. RON HOENIG MP

Grahame,

I believe there has been 'official' collusion between the Administrator and the 'less than effective' Office of Local Government.

This is an indication of an ineffective and inefficient Administrator.

You are correct in your assessment of him.

Remember Grahame, if Wages = Rate Income, the Council is insolvent.

The Order would have been as a direct instruction from the Office of Local Government.

The NSW State Government is a 'passenger' in this process.

You should continue to 'hammer' the Administrator.

Good Morning

I am totally taken aback by this latest move from the bureaucracy . The Performance Order Submission scheduled to be presented to Meeting this afternoon must be delayed to allow our forthcoming locally newly elected Council to deal with it. To hogtie residents' representatives for a further 12 months is a disastrous start and smacks of autocracy overriding democracy – what happened to “for the people by the people” ?

The incoming Council must be given the opportunity to consult and communicate with ratepaying residents.

This performance order is an absolute joke and question if this was initiated by the Administrator. Whilst this order has now been issued, it should not be progressed without intense community consultation. Give as I understand, this is being tabled at an extra ordinary council meeting today, the Administrator should not progress this until there is community consultation and in-turn an elected Council in place.

The new Council should not be restricted in their duties in supporting the community.

Thank you for your effort in hold this Administrator and the GM to account, be it they appear to be protected species.

Wingecarribee SC Performance Improvement Order

Mark Pepping [REDACTED]

Mon 9/9/2024 9:47 AM

To: Graeme Day [REDACTED]

Dear Graeme

As a rate payer I am appalled at the attempt by the Minister for Local Government, in consultation no doubt with the Administrator Viv May to stymie the incoming council to represent the residents of the Shire and instead be lead by the ghost of Viv May.

The three and half years of Administration has not served our shire in the interests of the residents. The Administrator has not been open and transparent with our community in explaining budget deficits, budget blowouts, significant staff shortages and last but by no means least the situation regarding planning and development and processing times.

The ministers letter says what a wonderful job that has been done under Administration. Clearly the minister has been misled.

This Performance Improvement Order prevents the new council from undertaking its due diligence in seeking answers on the performance of the Administrator just as the Administrator did himself when he arrived in the Shire and spent hundreds of thousands of dollars trying to discover the incompetence of the former council. Not much there as he found. Maybe he is very concerned that the same interrogation by the new council won't be so fruitless as he found out

The minister should front the community face to face and explain why this is necessary instead of behind some pieces of paper.

Maybe Wingecarribees days are numbered.

Good Morning Graeme,

I think the Administrator and General Manager should just walk away. They both have taken enough money from the tax payers with out as far as I am concerned much input into the Southern Highlands. The government minister should just remove them to let the Southern Highland residents vote for a new council and move on. That's my point of view. Also completely off topic I live in the Shoalhaven and will be voting for a Independent. Could you tell me if there are any sole Independents without affiliation to either Labor or the Greens or giving their preferences to those parties. Just an insight would be helpful.

To the administrator of Wingecarribee Council.

The performance order should be delayed until the new councillors have been elected and also to give the community time to comment.

Good morning Graeme,

I strongly oppose the performance orders being placed on the highlands council and find it beyond belief the timing of this action.

Why wasn't the administrator, and the GM put under this order 12 Months ago.

Return democracy to local councils.

I believe the decision to impose a Performance Improvement Order for Wingecarribee Shire **should be postponed** until after the election on Saturday so that incoming councillors can make submissions to his proposal.

Re proposed PIO at Wingecarribee council

Monica McKellar Stewart [REDACTED]

Mon 9/9/2024 9:26 AM

To: Graeme Day [REDACTED]

Hi Graeme,

As a Wingecarribee resident, I wholeheartedly do not want this rushed PIO to be put forward today at council. The people of the Highlands deserve their local council elections and elected councillors to reflect the 21st century's Australian brand of democracy. The residents of the council deserve to have a voice, but they have been rendered powerless and mute by the Administrator. His time is up, he should leave. What we are witnessing this week is a hijacking of that democracy with a PIO.

Thank you,

Mrs Monica McKellar Stewart

Hi Grahame

The new council in the process of being elected need a Fair Go this performance Order should Not be rushed through by the administrator with out community consultation.

Thankyou to you for raising this with the community otherwise how would we know .

Kind Regards

Hi Graham,

I support the performance improvement order being delayed to allow the incoming council, representing the community, can have appropriate time to present a submission and input into this order.

Performance approval for WSC council

This should not be put in place till new council is elected.

I was at a meeting at the Exeter Hall in the beginning of Viv May tenancy for the Exeter and Sutton Forest communities.

At that meeting I asked how the Administration functioned and what would happen when a new council was installed.

As for the new council he stated that they would have no impact on the Shire till they put in their first budget and it was accepted. Effectively for 12 months they would have manage the existing budget.

So this appears to have been the plan all along.

I am disgusted.

Why should I be fined if I don't vote when the State Government do not respect me or any other voters decision?

Hey Graeme

Just wanted to agree with your viewpoint on this potential decision later today. The only person that should be getting scrutinised is the person that got us in this mess, and certainly not the passionate people that have put their hands up to try and get us out of the mess.

At the very least, any decision should be delayed until after the council is fairly elected and accurate analysis can be presented on exactly how we arrived in the current position.

Kind regards

Hi there,

Totally agree, if we have to have a Performance Order, this should be delayed until after our new council is elected.

I don't trust Viv May as far as I could kick him, he's all smoke and mirrors.

Hi Graham,

I do not support the state government shackles around performance management of the incoming elected council.

This is yet another display of undermining confidence in councils' and the agenda to do away with them to usher in The New World Order UN government.

Cheers,

Troy.
