

Join Us for a Community Planting Day!

Wingecarribee Shire Council, Southern Highlands Landcare Network and Birdlife Australia needs your help to revegetate the area around the newly constructed Welby Weir Bird Hide.

We invite you to participate in a community planting day on **Tuesday 4th March** at **Welby Weir Reserve, Woodlands** from **9am - 12pm**.

We have over **400+** plants that will be going into the ground. This revegetation work will help restore the area surrounding the new bird hide, provide habitat and food sources for our native birds.

BYO Morning tea and lunch.
