

Share your Story

We're interested in discovering memories of Moss Vale Station and sharing these with the wider community.

If you have a story to share we'd love to hear it!

Stories can be handed down through generations, they might come from your own experiences or be tales of people you know or have met on your travels.

Stories deserve to be shared to help pass on knowledge and bring a community together.

Stories will be collected and shared with the Degnan and Transport for NSW project teams and some may be chosen to feature in a visual or audio installation at Moss Vale Station. This initiative aims to enhance the station's atmosphere and engage visitors with local history. Please note that while we appreciate all contributions, not every story will be selected for inclusion in the final installation due to space, time, or thematic considerations.
